

TDOT AERONAUTICS ENGINEERING UPDATE

NEW FUNDING REQUEST APPLICATIONS AND FORMS

Beginning next month, new funding request applications and forms will be required when seeking Federal or State assistance from the TDOT Aeronautics Division!

Funding Request Letters will be replaced by the APPLICATION FOR FEDERAL ASSISTANCE (SF-424) or the APPLICATION FOR STATE ASSISTANCE. Letters on Sponsor letterhead will no longer be needed.

The required application forms vary by the source of funding and nature of work, and will fit into one of the three Application types:

Application Type	Application Forms (<i>* Required</i>)
Federal: Development, Equipment, and Land	<ul style="list-style-type: none">• *Application for Federal Assistance (SF-424)• *FAA Form 5100-100, Application for Federal Assistance• *Schedule of Major Milestones• *Cost Estimates and Fee Proposals• Exhibit/s
Federal: Planning	<ul style="list-style-type: none">• *Application for Federal Assistance (SF-424)• *FAA Form 5100-101, Application for Federal Assistance (Planning)• *Schedule of Major Milestones• *Man-hour Estimates and Fee Proposals
State (non Federal-aid)	<ul style="list-style-type: none">• *Application for Funding Assistance (State)• *Schedule of Major Milestones• *Cost Estimates and Fee Proposals• Exhibit/s

All standard applications and forms can be accessed online at <https://www.tn.gov/tdot/aeronautics/engineering-documents---forms.html> under the TN AIP Grant Funding Request Resources heading.

Please direct any questions you may have to your respective TDOT Project Manager for your airport. ([TDOT Aeronautics Division Project Managers and Monitors Airport Assignment Map](#)).

Thank you for your continued partnership in providing Tennesseans with a great aviation system.

Sincerely,

John-Paul Saalwaechter [sawl véktər], P.E. | CE Manager 2
Aeronautics Division
